BIPAC Endorses Congressman Mike Coffman for Re-election

Largest U.S. Grassroots Business Network Identifies “Pro-Prosperty” Candidate

WASHINGTON, DC – Today, BIPAC—the Business-Industry Political Action Committee—has endorsed Congressman Mike Coffman for re-election. BIPAC’s endorsement means that there was broad consensus amongst BIPAC members and Colorado state and local employers and business organizations that Coffman will be the strongest advocate for growing America’s economy.

“Rep. Coffman has fought for issues important to his district and the economy, including aerospace and defense funding, immigration reform and reducing the debt,” said BIPAC CEO Greg Casey. “Rep. Coffman, a veteran and small business owner, will be the strongest advocate for growing America’s economy, creating jobs, and increasing economic growth. He has proven himself to be a consensus builder that can work across the aisle to get real results for Colorado”

Coffman has an average rating of 88% on the BIPAC Prosperity Project voting record, showing his commitment to economic prosperity. As a result of the endorsement, BIPAC’s Action Fund will make a contribution to Mike Coffman’s Congressional campaign as well as solicit contributions from its membership on his behalf. Additionally, BIPAC will provide local employers the tools to directly engage employees across The Centennial State.

About BIPAC

The Business-Industry Political Action Committee (BIPAC) was founded in 1963 as “an independent, bipartisan group,” to serve as a political action arm for American business and industry. BIPAC provides its members with the tools and strategies they need to keep their employees abreast of the key policy decisions impacting their livelihood, and opportunities to get involved in the public policy process. BIPAC helps state business organizations impact political outcomes beyond the beltway, through the nation’s largest employee-focused grassroots network in the states. BIPAC provides meaningful political analysis to keep members informed, crafts forward thinking election strategies, and deploys cutting-edge PAC and grassroots tools and technology to power the business community’s engines of advocacy.
