Dear Romaine,

On behalf of the Colorado Association of Commerce and Industry (CACI), I want to recommend Cindy Sovine Miller of Sovine Miller and Company for the position of the small business owner on the Colorado Commission on Affordable Health established pursuant to SB14-187.

CACI is the state chamber of commerce and the state manufacturers association, representing hundreds of businesses across the state and spanning Colorado's diverse industries.

Cindy has been a member of CACI since 2010 and was appointed by the Chair of our Board of Directors to be the Chair of our HealthCare Council in 2011. Cindy was selected for this position not only for her knowledge of the complexities of the health care delivery system, but also because of her ability to work well with the diverse stakeholders within the health care domain. She has been an asset to our organization in her role as Chair. We believe that her business acumen, along with her knowledge and experience in health care, will help the Colorado Commission on Affordable Health reach its goals while respecting the needs of Colorado businesses in their role as purchasers of health insurance.

Cindy has proven herself to be an effective leader in the health care community and a champion in pushing for innovative solutions for business needs in health care purchasing. She is also accessible and willing to keep our membership engaged and seek out our input on issues important to our members. It is my pleasure to recommend her appointment to this Commission.

Thank you for your consideration.

Sincerely,

CEB/ml
