

Attention E&E Council Members:

Please see the latest draft of the [building benchmarking bill](#). One note from the sponsors: “the bill language does have a very high financial penalty in section 3 of this draft (\$47,357/day). That number tracks with an existing penalty structure at CDPHE but we had intended to reduce it in this language and unfortunately missed doing so in edits and proofing. We will be working on an amendment once this is introduced to reduce that dollar figure significantly and apologies for missing that in this draft as I’m sure it will cause heartburn. Please know we are working to address that and don’t hesitate to reach out if you’d like to discuss this issue or others with the bill.”
