

Attention Members of Healthcare Council:

As many of you know, the Colorado Option rulemaking stakeholder meetings started in late July. Last Friday marked the fifth of six meetings hosted by the Division of Insurance (DOI) staff, which are intended to gain public feedback on the plan design and cost sharing. In that time, the DOI has announced the Colorado Option Director, Kyla Hoskins, as well as introduced the standardized plan options and proposed rules.

Director Hoskins has a background in program implementation and consumer advocacy, and will oversee the process under DOI and Commissioner Conway. Her profile and background can be accessed [here](#).

The standardized plan options will be tiered the same as the Exchange program: Gold, Silver and Bronze plans, and the proposals can be viewed [here](#). The final Colorado Option standardized plan will be shared with stakeholders on Thursday November 4th. At the most recent meeting on October 8th, DOI reviewed the standardized plan proposals and discussed the considerations throughout the process, including meeting the intent of the enabling legislation. Their presentation can be viewed [here](#).

Additionally, DOI has released their proposed rules, which can be reviewed [here](#). Please submit your comments on this draft proposed emergency regulation no later than 5 PM, October 20, 2021, to: DORA_Ins_RulesandRecords@state.co.us. If you do submit comments, and are able to share them with the Chamber, we would love to consider them as we compose our comments.

If you would like to listen to any of the previous meetings or access the presentations, you can find them [here](#). Please email Katie Wolf, kwolf@cochamber.com with any questions.

Thank you!
