

May 12, 2025

The Honorable Jared Polis

Governor of Colorado
136 State Capitol
Denver, CO 80203

RE: Senate Bill 25-005

Dear Governor Polis,

On behalf of Colorado's business community and the hundreds of thousands of employees we represent across Colorado, we want to thank you and your team for your leadership in trying to facilitate a compromise that preserves and protects Colorado's balanced labor environment. Your engagement alongside business and union representatives in the challenging conversations about Senate Bill 25-005 is appreciated and will have lasting positive impacts on our state's economic health.

Despite all our efforts to facilitate compromise, the bill as approved by legislature will upend that balance and we respectfully request your veto.

To be clear, our concern over this specific bill was never a testament against labor unions or the right to organize, it was about fairness and protecting the rights of all workers. Throughout the many months of negotiations, the business community remained steadfast in a commitment to achieve compromise, as we understand that no one benefits from a destabilizing fight on this issue.

Our position was anchored in a single, unwavering principle: automatic paycheck deductions for union dues should only be permitted if the majority of employees clearly and affirmatively authorize it. We offered several proposals that would have helped the labor unions achieve some of their stated objectives, but we were not met with the same willingness to achieve balance. As a result, we face a new reality where employee choice and fiscal autonomy have been invalidated. We cannot support a process where employee voices are silenced.

Colorado's Labor Peace Act has served our state well for more than 80 years, fostering a unique equilibrium that has helped us outcompete peer states while protecting the individual employee's rights. Your veto will ensure we remain a state that encourages collaboration, not compulsion, in workplace representation. Preserving this balance has the support of businesses and employees across our local communities, including more than 1,000 individuals who signed their name to the attached petition to protect Colorado's unique labor peace status.

Thank you in advance for standing with Colorado's employers and employees. We look forward to continuing our partnership to build a state that remains competitive, fair, and prosperous for all.
